

Project Planning

Date	30 September 2026	Team ID	6ab22029e880316a482c5f2a
Project Name	EduGenie – AI-Powered Educational Assistant	GitHub	https://github.com/theopintheo/EduGenie
Team Members	Theopin B, Antony Ragul A, Saravanan S, Karthick M	Status	Completed / working implementation

Product Backlog

Sprint	Epic	User Story / Task	Points	Priority	Owner
Sprint 1	AI architecture	Select model strategy and centralize AIService configuration	3	High	Theopin B
Sprint 1	Backend	Create FastAPI routes, validation and health endpoint	3	High	Saravanan S
Sprint 1	Feature modules	Implement Q&A, explanation and summarization prompts	5	High	Theopin B / Saravanan S
Sprint 2	Assessment	Implement quiz generation and answer checking	5	High	Theopin B / Antony Ragul A
Sprint 2	Learning path	Implement beginner-to-advanced recommendations	3	High	Theopin B
Sprint 2	Frontend	Build responsive workspace and tool tabs	5	High	Antony Ragul A
Sprint 3	Integration	Connect UI to all FastAPI endpoints	5	High	Antony Ragul A / Saravanan S
Sprint 3	Quality	Error handling, validation and smoke tests	3	High	Karthick M / Saravanan S
Sprint 3	Documentation	Setup, API, AI integration and user guide	3	Medium	Karthick M / Team

The original example's registration/login stories were replaced with EduGenie-specific AI learning workflows. Historical sprint dates were not present in the supplied project, so no past dates were fabricated.
