

Communication

Date	30 September 2026	Team ID	6ab22029e880316a482c5f2a
Project Name	EduGenie – AI-Powered Educational Assistant	GitHub	https://github.com/theopintheo/EduGenie
Team Members	Theopin B, Antony Ragul A, Saravanan S, Karthick M	Status	Completed / working implementation

No.	Type	Frequency	Channel	Participants	Purpose
1	Team Standup	As needed	Chat / in-person / GitHub	All	Track blockers and progress.
2	Progress Update	Weekly / milestone	GitHub + team discussion	All	Review completed work.
3	Issue / Bug	As needed	GitHub issues / team chat	Relevant owners	Resolve technical problems.
4	Documentation Review	Per milestone	Repository / shared docs	All	Keep submission aligned.
5	Final Demo Rehearsal	Once	Local app + API docs	All	Verify timing and fallback.

Communication Challenges & Resolutions

Challenge	Resolution
Different AI configuration between environments	Centralize .env configuration and AIService; use demo fallback.
Frontend/backend drift	Run endpoint smoke tests and verify every UI tab after backend changes.
Malformed structured quiz output	Clean model output, parse JSON, validate structure and surface errors.
